# CITY OF MELFORT

## BYLAW NO. 2012-21

### A BYLAW TO REGULATE THE MAINTENANCE AND MANAGEMENT OF THE WATERWORKS SYSTEM, AND FOR COLLECTION OF WATER AND SEWER RATES

---

The Council of the City of Melfort, in the Province of Saskatchewan, hereby enacts as follows:

#### **1. Short Title**

This bylaw shall be known as “The Waterworks Bylaw”.

#### **2. Definitions**

- (1) In this Bylaw, the words: Person, Consumer, Customer are synonymous, and mean the person or persons, organizations, corporations, etc., responsible for the payment of charges for water and sewer services.
- (2) “Dwelling House” – means a private dwelling house, which is primarily to be occupied by one family, and shall include a dwelling house with a basement suite, which is accessed through a common entranceway.
- (3) “Dwelling House Consumer” – means a water consumer who owns, rents, or occupies any such dwelling house.
- (4) “Engineer” – means the person or persons employed by the City in the capacity of Engineer, the Director of Works & Utilities or the Foreman with the responsibility for administration of the Works Department, and shall also be deemed to include the meter person responsible for the installation, maintenance, and reading of water meters.
- (5) “City” – means the City of Melfort and its employees.
- (6) “Water Consumer” – includes the owner, tenant, or occupant of any real property connected with or supplied with water through a water connection to the water system of the City.

#### **3. Waterworks System**

- (1) Every person desiring to have his premises connected to the waterworks system shall apply to the City for that service.
- (2)
  - (a) The Council may cause to be installed in the premises of every person receiving water service, a meter to be placed upon the service pipe connecting the premises to the water system.
  - (b) Every person shall provide, at his own expense, a place in his premises for the installation of the meter, which shall be acceptable to the Engineer, and shall

provide ready and easy means of access to said meter for examination by the meter reader and shall at all times properly and efficiently protect the service pipes and fixtures from frost or other injury so that the meter shall not in any way be damaged. In case the Engineer considers that any meter is insufficiently protected from frost, he may cut off the water service until measures to his satisfaction have been taken for its protection. Every person shall also provide at his own expense, a place, usually on the outside wall of his premises, where a remote read-out unit may be installed. The location shall be convenient for the meter reader and acceptable to the Engineer.

- (c) Every residential, commercial and other premises connected to the City waterworks system shall be equipped, at the owner's expense, with a T.R.T. (Trident Remote Totalizer) unit for the outdoor registering of water meters. The cost of the T.R.T. is to be determined by the City by resolution from time to time.
  - (d) Every person desiring to receive or to continue to receive water service shall deposit with the City, as set out in Schedule "A", the fee for each meter plus any applicable application fees, provided that the person who paid the said Water Meter Deposit shall be entitled to a return of the Water Meter Deposit when service is discontinued for which the said Water Meter Deposit was paid, less any outstanding amounts due at the time of discontinuing service.
  - (e) No service will be given and any existing service may be discontinued without notice where no meter has been installed.
  - (f) Only one (1) meter shall be supplied for each connection to the water system provided, however, that the Engineer may, at his discretion, supply such additional meters as he may deem necessary.
  - (g) In the event that a meter when read is found to have failed to register correctly during any portion of the preceding three-month period, the amount of water consumption for such period shall be taken to be either the same as that of the next previous period in which the meter has registered correctly, or the same as that of the corresponding period in the next preceding year, whichever may be more advantageous to the water consumer.
- (3) (a) The charges to be paid by water consumers whose water service has been turned on shall be those presently set forth in Schedule "A" hereto, or as amended from time to time; provided, however, that the basic service fee shall be payable in every case whether or not any water is consumed.
- (b) The due date for services rendered in accordance with this Bylaw shall be the date as indicated on the invoice. Account balances outstanding after the due date will be considered over due and will be subject to a penalty of 1.5% per month compounded monthly until the account including all penalties are paid in full.

If an account is not paid in full by the due date, the water service may be discontinued without notice. When service is discontinued for non-payment, the said service shall not be reconnected until all arrears and accrued penalties are paid in full. An additional fee of Fifty (\$50.00) Dollars to cover the expense of turning off the water and turning it on again shall be paid prior to

the service being reconnected. If all arrears and penalties are paid to the employee designated to discontinue the service prior to actual disconnection being effected, the service fee shall be Twenty (\$20.00) to cover the cost of the employee's attendance at such premises.

- (c) The collection of the charges for water service, cut-off and resumption of such services, and sums collected from customers and the supervision of all books, accounts, and other records in connection with the water service shall be under the immediate control and direction of the City Manager.
- (4) (a) No person other than a City employee or member of the Fire Department or a person authorized by any of them shall open, close, or interfere with any hydrant, gate, or valve connected with the waterworks system, and no person shall in any way interfere with any stop cock, pipe, or other waterworks appliance outside of his premises, nor shall he interfere with any meter, whether inside or outside of his premises.
  - (b) No person shall turn water on in any premises or open a City cock or curb stop except the Engineer or a person authorized by him. When water has been turned off for non-payment of rates or for failure to protect meters or pipes to the satisfaction of the Engineer, or for any other necessary or proper reason, no person shall turn it on again who is not duly authorized to do so.
- (5) (a) For the purpose of making repairs to the mains or of connecting or repairing service pipes or constructing extensions or new work or any other work, the City shall have the right to shut off the water from any customer without notice and to keep it shut off as long as may be necessary to enable the work to be completed. Whenever feasible, the customer shall be notified in advance.
  - (b) Subject to Paragraph 5(a) hereof, the City shall have the right to limit the amount of water furnished to any customer, upon reasonable notice to the customer of such intended action.
  - (c) The City shall have the right by resolution to regulate the use of water for fountains or jets, hoses, or sprinklers, or to limit the hours for using the same. Every person found guilty of an infraction of any restriction imposed by authority of this Section, shall be subject to the penalty imposed by the General Penalty Bylaw.
- (6) (a) Every Customer intending to vacate any premises supplied with water from the waterworks system or who intends to discontinue the use of such water shall give notice of the same to the City and shall turn off the main valve on the inside of the building before leaving.
  - (b) There shall be a \$50.00 fee charged to consumers for discontinuance and reconnection of water service on a seasonal basis, for a length of time over 2 months or greater.
  - (c) There shall be no charge for turning water service off and on at the request of a plumber or home owner where the premises requires plumbing repairs, and the City does not lose utility revenues.

- (7) Where a consumer permits a water meter to freeze up, and damage to the meter results, repairs shall be made by the City and the cost of materials and labour shall be added to the consumer's account.

**4. General**

- (1) Dwelling house consumer water and sewer accounts shall be rendered bi-monthly, and all other water and sewer consumer accounts shall be rendered monthly.
- (2) The Council may, from time to time, by resolution, determine the periods for billing purposes.
- (3) Bylaw No. 2011-25 is hereby repealed.

**5. Coming into force**

This bylaw shall come into force and take effect on the day of the final passing thereof.

City Clerk

**SCHEDULE "A"**  
**TO BYLAW NO. 2012-21**  
**CITY OF MELFORT**  
**Rates Effective April 1, 2016**

**I      CONNECTION FEES**

(a)	Application fee for new accounts and transfers	\$15.00
(b)	Disconnection fee	\$50.00
(c)	Seasonal disconnection fee	\$50.00
(d)	Reconnection due to arrears	\$50.00

**II      WATER METER DEPOSITS:**

- (a) Every person desiring to receive or to continue to receive water and/or sewer service shall deposit with the City the following fee for each meter:  
       \$100.00 for property owners  
       \$200.00 for renters of premises
- (b) All meters in excess of three quarters (3/4) of an inch shall be purchased from the City and the customer shall pay the entire cost for the meter. The City reserves the right to service and/or change the meter at any time totally at City cost.

**III      BASIC MONTHLY WATER AND SEWER SERVICE FEES:**

1. Basic monthly service fees for all consumers receiving service from the City's water and/or sewer system are as follows:

Water	\$ 26.50
Sewer	<u>7.75</u>
<b>Total</b>	<b>\$ 34.25</b>

The basic monthly service fees are to be increased annually on March 1<sup>st</sup> of each year, as follows:

- (a) Fifty cents (\$0.50) per annum is to be added to the water basic service fee.  
 (b) Fifty cents (\$0.50) per annum is to be added to the sewer basic service fee.
2. Water rate on consumption:
- (a) The gallonage rate is to be increased annually, effective January 1<sup>st</sup> of each year, based on the SaskWater inflationary formula of 75% of CPI, calculated over twelve months running from October to October; plus
- (b) Bi-annual increases of \$0.45 cents per 1000 gallons for four years, commencing March 1, 2015, to meet the required SaskWater rate in 2018.
